1.3. INDEPENDENT CONTRACTOR

Seller is, and shall be deemed to be, an independent contractor and not an agent or employee of the Buyer either expressly or impliedly. The Order shall not constitute, create, give effect to, or imply a joint venture,

pooling arrangement, partnership, formal business organization or any type of permanent relationship of any kind beyond the specific purposes stated herein. Nothing in the Order shall grant to either party the right to make commitments of any kind for, or on behalf of, the other party.

1.4. ACCEPTANCE

Any one of the following methods will constitute acceptance of the Order by the Seller:

- b) commencement of performance by Seller; or

No condition stated by the Seller in its acknowledgment of the Order, quotation or any other document provided by Seller shall be binding upon the Buyer if in conflict or inconsistent with, or in addition to the terms and conditions of the Order, unless expressly accepted in writing by the Buyer. The rights and obligations described in the Order shall survive completion of and final payment of the Order.

1.5. PRECEDENCE

direction results in a material change in the amount or character of the work under the Order, an equitable adjustment in the Order price and other such provisions of the Order as may be affected shall be made and the Order shall be modified in writing accordingly. Any claim by Seller for an adjustment under this clause 5 must be asserted in writing within fifteen (15) days from the date of receipt by Seller of the notification of change.

A part is a "Suspect Counterfeit Electronic Part" if visual inspection, testing, or other information provides reason to believe that the part may be a counterfeit part.
 - ii. "Counterfeit Electronic Part" means an unlawful or unauthorized reproduction, substitution, or alteration that has been knowingly mis-marked, misidentified, or otherwise misrepresented to be an authentic, unmodified electronic part from the original manufacturer, or a source with the express written authority of the original manufacturer or current design activity, including an authorized after-market manufacturer. Unlawful or unauthorized substitution includes used electronic parts represented as new, or the false identification of grade, serial number, lot number, date code, or performance characteristics.
 - iii. As used herein, "authentic" shall mean (A) from the legitimate source claimed or implied by the marking and design of the product offered; and (B) manufactured by, or at the behest and to the standards of, the manufacturer that has lawfully applied its name and trademark for that model/version of the material.

If supplies are not ordered to such specifications, Seller warrants that they will be fit for the purpose intended. All articles purchased hereunder are warranted to be merchantable, to be of good material and workmanship, and to be free from defect for a period of one year after delivery and acceptance by Buyer. No other material, part, or component other than a new and authentic part shall be used unless approved in advance in writing by the Buyer's Procurement Representative. To further mitigate the possibility of the inadvertent use of Counterfeit Parts, Seller shall only purchase authentic parts/components directly from the OEMs/OCMs or through the OEM's/OCM's authorized distribution chain. Seller must make available to Buyer, at Buyer's request, OEM/OCM documentation that authenticates traceability of the components to that applicable OEM/OCM. Purchase of parts/components from Independent Distributors is not authorized unless first approved in writing by the Howell Instruments' Buyer. Seller must present complete and compelling support for its request and include in its request all actions needed to ensure that the parts/components thus procured are legitimate parts. Buyer may additionally need to get its customer's approval of Seller's request. Awaiting the processing of such requests shall not constitute a basis for excusable delay on part of the Seller. Buyer's approval of Seller request(s) does not relieve Seller's responsibility to comply with all PO requirements, including the representations and warranties in this provision.
 - c) Seller shall maintain a documented system (policy, procedure, or other documented approach) that provides for prior notification to the Buyer and his/her written approval before parts/components are procured from sources other than OEMs/OCMs or through the OEM's/OCM's authorized distribution chain. If the Seller is not the OEM/OCM or a franchised or authorized distributor, the Seller confirms by acceptance of this PO that it has been authorized in writing by Buyer to act on Buyer's behalf to procure from the OCM or a franchised or authorized distributor of the OEM/OCM. The Seller further warrants that OEM/OCM acquisition traceability documentation is accurate and available to Buyer upon Buyer's request and is retained as a quality record in accordance with the "Maintenance of Records" provision contained herein.
 - e) Seller shall flow the requirements of this provision to its subcontractors and suppliers at any tier for the performance of this PO.
 - f) Notifications: Should Seller become aware of a Counterfeit Part or Suspect Counterfeit Part that, by any means, has been delivered to Buyer, or acquired for this PO whether or not delivered to Buyer. Seller shall notify Buyer as soon as possible but no later than seven (7) days of discovery. Seller will verify receipt of this notification by Buyer. This requirement will survive this PO.
 - g) Seller shall be liable for cost of Counterfeit Parts and Suspect Counterfeit Parts and the cost of rework or corrective action that may be required to remedy the use or inclusion of such parts.
 - h) Seller shall quarantine Suspect Counterfeit Electronic Parts and Counterfeit Electronic Parts, and make them available for investigation by appropriate government authorities. 10. PROPRIETARY INFORMATION

- a) Seller shall not, during the term of the Order, and for a period of five (5) years thereafter, divulge to anyone other than Buyer (or such other persons as Buyer designates in writing), or, except in the performance of the Order, make use of information or knowledge relating to details of the business, or any other confidential or proprietary information, of Buyer or its affiliates, suppliers, or customers which Seller shall have obtained because of the Order.

Seller shall take all reasonable measures to protect such confidential or proprietary information, which measures shall be at least equal to those with which Seller protects its own confidential or proprietary information. All proprietary rights embodied in designs, tools, patterns, drawings, information data, and equipment supplied by Buyer under the Order are reserved to Buyer and their use is restricted to the work to be performed hereunder. Seller agrees to retain in confidence and return to Buyer on completion of the Order, all designs, drawings, specifications, and technical information of every kind belonging to Buyer and furnished to Seller in connection with the Order.

11. DATA

If the Order is for research, development, or experimental work, all data, notes, drawings, designs, sketches, specifications, records, and memoranda of every description in any physical or electronic form relating to the work hereunder or any part thereof as Seller shall produce, and all copies of the foregoing, shall be the property of Buyer and subject to inspection by Buyer at all reasonable times and shall be delivered to Buyer or otherwise disposed of by Seller as Buyer may direct from time to time.

12. PATENT RIGHTS

If the Order is for, or includes, experimental, development, or research work, to be performed in accordance with special requirements of Buyer, Seller agrees to disclose and on request to assign to Buyer inventions conceived or first actually reduced to practice in the course of or under the Order.

13. TERMINATION FOR CONVENIENCE

- a) Buyer may, at its option, terminate the Order, in whole or in part, for Buyer's convenience, by written notice, including email notice to Seller, effective at date of sending. Upon termination hereunder, Seller shall:

- a) Buyer may terminate all or any part of the Order if Seller breaches any of the terms hereof including warranties or fails to make progress as to endanger performance of the Order in accordance with its terms. Termination hereunder shall be effected by written notice to Seller.
- b) In the event Buyer terminates the Order in whole or in part as provided herein above, Buyer may procure, upon such terms and in such manner as Buyer deems appropriate, supplies or services similar to those so terminated, and Seller shall be liable to Buyer for any excess costs for such similar supplies or services, provided that Seller shall continue the performance of the Order to the extent not terminated under the provisions of this clause 36.
- c) Except with respect to defaults of subcontractors at any tier, Seller shall not be liable for excess costs if the failure to perform the Order arises out of causes beyond the control and without the fault or negligence of Seller. If the failure to perform is caused by the default of a subcontractor at any tier, and if such default arises out of causes beyond the control of both Seller and the subcontractor, and without the fault or negligence of either of them, Seller shall not be liable for any

excess costs for failure to perform, unless the supplies or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Seller to meet the required delivery schedule.

- d) If the Order is terminated for default, Buyer may require Seller to transfer to Buyer title and possession in the manner and to the extent directed by Buyer of:
 - i. any completed items, and
 - ii. such partially completed supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights (hereinafter called *manufacturing materials*) as Seller has specifically produced or acquired for the performance of such part of the Order as has been terminated; and Seller shall, upon direction of Buyer, protect and preserve property in possession of Seller in which Buyer has an interest. Payment for completed items delivered and accepted by Buyer shall be at the Order price. Payment for manufacturing materials delivered to and accepted by Buyer and for the protection and preservation of property shall be in the amount agreed upon by Seller and Buyer. Buyer may withhold from amounts otherwise due Seller for such completed supplies or manufacturing materials, such sum as Buyer determines to be necessary to protect Buyer against loss because of outstanding liens or claims of former lien holders.
- e) If, after notice of termination of the Order under the provisions of this clause 36 it is determined for any reason that Seller was not in default under the provisions of this clause 36, or that the default was excusable under the provisions of clause 36(c), the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to the Termination for Convenience clause 35 and the Order shall be equitably adjusted to compensate for such termination and the Order modified accordingly.

- f) The rights and remedies of Buyer provided in this clause 36 shall not be exclusive and are in addition to any others provided by law or the Order.

15. ADVERTISING, USE OF NAME

Seller shall not, without first obtaining written consent and authorization from Howell Instruments, in any manner advertise or publish the fact that Seller has furnished or contracted to furnish to Buyer the articles or services provided for in the Order. Seller agrees that it shall not use the Buyer's name or logo, nor any adaptation or variation thereof, in any manner whatsoever (including, but not limited to, website(s), press releases, reference lists, or similar public announcements concerning the Order or projects contemplated by the Order), without the Buyer's prior written consent in each instance.

16. SUBCONTRACTING

Seller will obtain Buyer's written approval before subcontracting the Order or any substantial portion thereof. The purchase of raw materials or standard commercial articles is not a subcontract within the meaning of this article.

17. FORCE MAJEURE

Neither Seller nor Buyer shall be liable for any failure or delay in performing its obligations hereunder, or for any loss or damage resulting therefrom, due to: (a) acts of God, war, riot, embargoes, acts of civil or military authorities, fire, flood, epidemics, or unusually severe weather affecting either party; or (b) similar causes beyond their control and which are not foreseeable or causes beyond the reasonable control of their subcontractors.
